WILLIAM F. WHITE INTERNATIONAL INC.

## **Fig Rig May 2012**

This is a simple and effective camera stabilizer specifically designed for digital video cameras. It is perfect for guerrilla style shoots, small spaces, 360 degree shots, or for generating that "24" or "The Office" style of cinematography. Simply mount the LED light onto the Fig Rig and shoot at night with full colour temperature control. Assembled in a matter of minutes, you'll be ready to roll with a one-of-a-kind camera stabilizer that will take your production to the next level.
