WILLIAM F. WHITE INTERNATIONAL INC.

Panasonic HVX200 Camera Package

May 2012

This is the first camera under \$100,000 to record high-definition in 1080i and 24p. It gained international recognition for its versatile recording modes and quick native response to Apples Final Cut Pro editing software. Using the innovative P2 card system, this camera allows filmmakers to capture and export high-definition footage at an easy and inexpensive rate.

Rate Card

Pricing on the Panasonic HVX200 Camera Package are as follows:

- \$300/day for package rental
- Additional items are extra - less discount (if applicable)
